

How much do your services cost?

If you are eligible, you are expected to contribute to the cost of your care if you can afford to.

You do not need an income assessment to access basic support services under HACC PYP. The fee set is dependent on your income and an individual's capacity to pay for the service.

You will need to discuss and agree to the fees with ACCS as your service provider before you receive services.

These rates are applicable from 1 October 2018 to 30 June 2019

| | Cost Contribution |
|--------------------------------------|-------------------|
| Friendly Visiting (Volunteer Visits) | \$ 0.00/session |
| Planned Activity Groups | *\$10.00/visit |

**includes traditional home made meal*

ACCS have a fee policy with arrangements for those who are unable to pay their fees due to hardship.

Inability to pay will not be used as a basis for refusing a service to people who are assessed as requiring a service. Fees may be reduced or waived where a customer who is receiving all relevant assistance would still experience hardship in paying fees.
